REMARKS

Applicants have amended the specification to claim priority of E.P. Serial No. 02017004.9, filed July 27, 2002. Additionally, Applicants have amended the specification to include the abstract for the filing of this National Phase Patent Application. Accordingly, there is no issue of new matter, and Applicants respectfully request the entry of this Preliminary Amendment.

Claims 1-20 are pending in this application. By the Amendment, Applicants amend claims 3-4, 6-10, and 15-19 from multiple dependent claims to dependent claims to reduce filing fees without prejudice for the Applicants rights to pursue the amended subject matter in a future application. Claims 11-14 are amended to explicitly recite the steps of the claimed method. Support for these steps may be found, *inter alia*, in claim 1 and in the specification. New claim 20 was derived from claim 18. Accordingly, there is no issue of new matter, and Applicants respectfully request the entry of this Preliminary Amendment. Therefore, upon entry, claims 1-20 are pending and under examination.

If a telephone interview would be of assistance in advancing prosecution of the subject application, Applicants' undersigned attorney invites the Examiner to telephone him at the number provided below.
